

## **Institutional Distinctiveness**

The campus of our institutes has lush green surroundings which has a spread over a land piece of 35 acres. Apart from having pollution free area, it has beautiful infrastructural developments in its covered area which describes its distinctiveness. As per AICTE Scheme is providing multidisciplinary education in the field of Mechanical Engineering, Civil Engineering, Computer ,Management, etc. With the development in its infrastructure such as: latest labs for computer sciences, classrooms and hostels with all facilities, Reception Desk, Administration Block and well furnished waiting areas, this institute is continuously making an effort to provide a comfortable stay within the campus. In this way, the institutes in its huge campus are catering to the needs of society with its own attributes which makes it 'distinct'. This infrastructural development is the highlighting feature of the succeeding strengths of the institutes and consists of attributes like:

### **Blocks and Buildings:**

The institutes have ultra modern buildings, labs equipped with latest machines and equipments, air conditioned auditorium, conference halls and classrooms, playgrounds for all major sports, gymnasium, facilities for indoor games and cafeteria etc. which makes the campus a richly liveable and lovable place to get wholesome education. Air-cooled rooms with attached bathrooms and hot-water geyser facility are available in the institute's hostels.

### **Laboratories:**

In order to provide hands on training and practical exposure to the students, the institute is going beyond the syllabus prescribed by the KTU and has made centres of excellence in various Departments. • Department of Engineering: High Performance Automobiles, R & D Lab and Industrial Automation, Big Data and Mobile Computing and Cloud Computing Labs have been developed with an aim to equip the learners with latest technological changes.

Improvements in Existing Infrastructure Plan: The institutes have upgraded various laboratories, renovated class rooms into smart class rooms and refurnished offices. As per the industry requirement and new curriculum of KTU one new lab have been established in Department of Computer Science & Engineering .

Infrastructural Development: Expansion of residential facilities for students coming from other states and countries has been done. Indoor Games and Playgrounds for Outdoor Games: Provision for Table Tennis, Chess, Basket ball, Cricket ground and Football ground is another feature of the institute to encourage students for participation in various games. Gymnasium: institute provide well equipped gym facilities to all the students. The gym provides an ideal atmosphere for the students to provide overall and sound development.

Pandemic Precautionary Measures: Even in the challenging days of Pandemic, the management has put all its efforts to continue with the quality delivery of educational services during online teaching with excellent networking facility. Also, during offline mode, the Management made timely efforts which include various initiatives such as installation of sanitizer stands at prime locations in the campus and vaccination of the entire staff .Hence, these distinct features are echoed in all our actions and provide a cordial Environment to inter-state and foreign students for joining the MCET campus.
